

HEART and HOME PROBLEMS

Dear Mrs. Thompson: Please give me recipe for making lemon filling with lemon extract.

A. M.
If for a pie, make an ordinary custard and add 1/4 teaspoon lemon extract. If for a cake filling, make any white icing and add the lemon extract to taste.

Dear Mrs. Thompson: (1) Are white crocheted bags fashionable this season? (2) Please give me a good candy recipe.

CONSTANT READER.
(1) Yes. (2) Walnut creams: Make a fondant with two cups granulated sugar and 1/2 cup water. Let boil 15 minutes, pour on plate and beat until white and stiff. Work in any flavor desired, and mold into balls, placing half a walnut meat on each side. You can divide this into different parts with different flavors and colorings, if you like, or coat it with melted chocolate.

Dear Mrs. Thompson: Do I have to send my money to the paper to have an answer printed?

EDITH.
No indeed! All answers are published free, but space is limited and sometimes there must be quite a wait before an answer is published.

Dear Mrs. Thompson: (1) Is a dark blue suit all right for a boy to be married in at the minister's? (2) What should a man say when his friends congratulate him? (3) Do you have to have a wedding ring besides the engagement ring?

BLUE EYES.
(1)—Yes, for a daytime wedding.
(2)—He should thank them and he

might add that he thinks himself the luckiest man in the world. (3)—Sometimes the wedding ring is not used but as a rule it is.

Dear Mrs. Thompson: (1)—I am having trouble with my plants. The geraniums seem to be in good health, only the leaves are turning yellow. I bathe them in soap and water and keep them damp.

MOTHER.
Perhaps you keep them too damp. They should be watered thoroughly only when the ground seems to be dry. Keep the plants where they will get plenty of light and sun. A little tobacco dust in the soil about the roots will help their growth and keep insects from the roots.

Dear Mrs. Thompson: I have four warts on my hands which spoil their appearance very much. How can they be removed without scars? I have received much valuable information from your "Beauty Hints" and thank you for past and future favors.

BROWN EYES.
The best way to remove the warts without scars is by electricity. If there is no specialist near you who can do this, try applying coal oil to the warts several times a day, until they can be picked off.
I am very glad I have been able to help you in the past.
